

# Hodie aperuit

Carlotta Ferrari 2016

Hodie aperuit nobis clausa porta  
quod serpens in muliere suffocavit,  
unde lucet in aurora flos de virgine Maria.  
(Hildegard von Bingen)

Today was opened unto us a shut-up gate.  
For the serpent drew it tight, in woman choked—  
yet from it gleams within the dawn  
the Virgin Mary's flower.
