

Vidi Turbam Magnam

for Quintus Imperfectus

Editor : Harrison Hackett

Source : CPDL 24893 (editor Renato Calcaterra) Originally from Trent Codex TR92 128v

Dr. Calcaterra's underlay for the alto has been retained, as have his suggested (midi) ficta. Modern note values have been adopted, and the piece has been lowered a tone for performance . Time signature, barring and phrasal slurs are editorial. The underlay for the lower two parts is suggested only.
